

CALL FOR PAPERS

ICISCNS 2020
Apr 16-17, 2020
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICISCNS 2020 : International Conference on Information Systems and Communication Network Systems is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Information Systems and Communication Network Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Information Systems and
Application
Intelligent Systems
Information Engineering
Soft computing, Fuzzy Systems and
ANN
Parallel and distributed systems
Embedded systems design
Cloud and Green Computing
Computer Vision and AI
Biometry and Bio-informatics
E-commerce
Engineering Management
MIMO and MEMS
VLSI and SOCs

e-Governance
Human Computer Interaction
Management Information System
Geographic Information System
Communication Network Systems
Sensors and sensor networks
Acoustic and under water
communication
Air Interface, Wavepropagation and
antennas
Microwave Theory and Techniques
Microwave Devices and Circuits
Mobile communication and Adhoc
Networks
RFIDs and applicatons
