

# CALL FOR PAPERS

**ICLRER 2020**  
**Apr 16-17, 2020**  
**Cape Town, South Africa**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLRER 2020 : International Conference on Linguistic Relativity and Empirical Research is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Linguistic Relativity and Empirical Research. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Linguistic relativity  
Sapir Whorf hypothesis  
Forms of linguistic relativity
