

CALL FOR PAPERS

ICLSMM 2020
Apr 16-17, 2020
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLSMM 2020 : International Conference on Lipid Science and Molecular Medicine is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Lipid Science and Molecular Medicine. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Lipids in molecular medicine
Lipids in signaling and
intracellular trafficking
Protein-Lipid and Lipid- Lipid
interactions
Lipid and Lipoprotein Metabolism
Fats - cardio metabolic risks

Obesity and Health
Plant and microbial lipids -
future vision
Lipids and bioenergy
Lipidomics
