

CALL FOR PAPERS

ICPMADC 2020
Apr 16-17, 2020
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPMADC 2020 : International Conference on Predator Management and Animal Damage Control is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Predator Management and Animal Damage Control. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Predator management
Predator and prey relationships
Predator control methods and technologies
Predator management and biodiversity
Problems in predator management
Lethal and nonlethal management methods
Predator profiles and wild species

Factors affecting predation
Animal damage control
State control of wildlife management
Ecological role of predators
Predator influences on prey behavior
Predator social interactions
