

# CALL FOR PAPERS

**ICPMADC 2020**  
**Apr 16-17, 2020**  
**Cape Town, South Africa**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPMADC 2020 : International Conference on Predator Management and Animal Damage Control is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Predator Management and Animal Damage Control. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Predator management  
Predator and prey relationships  
Predator control methods and technologies  
Predator management and biodiversity  
Problems in predator management  
Lethal and nonlethal management methods  
Predator profiles and wild species

Factors affecting predation  
Animal damage control  
State control of wildlife management  
Ecological role of predators  
Predator influences on prey behavior  
Predator social interactions
