

CALL FOR PAPERS

ICSFSP 2020
Apr 16-17, 2020
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSFSP 2020 : International Conference on Soil Fertility and Soil Physics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Soil Fertility and Soil Physics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Soil fertility
Soil physics
Soil chemistry
Soil biology
Soil microbiology
Fertilizers and amendments

Soil tillage
Cover crops
Crop rotations
Soil organic carbon
Organic farming
