

CALL FOR PAPERS

ICSHASQ 2020
Apr 16-17, 2020
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSHASQ 2020 : International Conference on Soil Health in Agroecosystems and Soil Quality is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Soil Health in Agroecosystems and Soil Quality. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Soil Health
Soil Quality
Soil Properties
Soil Metagenomics
Soil Biology

Agricultural Soils
Soil Productivity
Sustainable Agriculture
Agronomy
Agricultural Engineering
