**Apr 16-17, 2020**  
**Cape Town, South Africa**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTIMS 2020 : International Conference on Thermal Insulation Materials and Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Thermal Insulation Materials and Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Thermal insulation materials  
Thermal insulation materials,  
testing and applications  
Architectural engineering  
applications  
Building insulation materials  
Controlling fuel costs  
Industrial applications  
Thermal performance

Thermo graphic measurements  
Hot boxes  
Moisture  
Roofs  
Materials  
Walls and windows  
Air and moisture
