

# CALL FOR PAPERS

**ICULAL 2020**  
**Apr 16-17, 2020**  
**Cape Town, South Africa**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICULAL 2020 : International Conference on Urban Landscape Architecture and Landscaping is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Landscape Architecture and Landscaping. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architectural engineering	Urban design
Environmental design	Landscape design
Architectural design	Site planning
Landscape architecture	Stormwater management
Landscape planning	Environmental restoration
Landscape products	Parks and recreation planning
Landscape urbanism	Visual resource management
Landscape assessment	Green infrastructure planning
Urban landscape architecture	Fields of activity
Landscape architecture and energy conservation	History of landscape architecture
Energy efficient landscape design	Examples of landscape architecture
