

CALL FOR PAPERS

ICCCC 2020
Apr 24-25, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCCC 2020 : International Conference on Computers, Communications and Control is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computers, Communications and Control. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer science and engineering
Computers and computation
Information systems
Software, graphics, programming
Computer hardware and peripheral device

Computer networking and Internet
Applied mathematics
Security
Communications and control
Computers in simulation
