

CALL FOR PAPERS

ICCSMCS 2020
Apr 24-25, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSMCS 2020 : International Conference on Cadastral Studies and Multipurpose Cadastral Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cadastral Studies and Multipurpose Cadastral Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cadastral studies

Legal, economic and social concepts of land tenure
Establishment and re-establishment of real property boundaries
Land ownership and land registration
Fiscal, judicial and multipurpose cadastral systems
The proprietary land unit
