

CALL FOR PAPERS

ICEMOP 2020
Apr 24-25, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEMOP 2020 : International Conference on Energy, Materials, Optics and Photonics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Energy, Materials, Optics and Photonics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Energy and Energy Storage
Materials
Nanomaterials
Functional Materials and Devices
Hybrid Materials
Solar Cells
Semiconductor lighting and
Displays
Smart Windows and Coating

Smart (Nano) Materials
