

CALL FOR PAPERS

ICLTP 2020
Apr 24-25, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLTP 2020 : International Conference on Legal Text Processing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Legal Text Processing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Application of “big data”
techniques, including data mining
and machine learning, to legal
document corpora
Network models of statutory and
case law
Visualization techniques
specialized for legal networks and
legal tasks
Global, emergent, and dynamic
properties of legal text
collections
Modularity, language models,
complexity, and trends in legal
doctrine and practice
Techniques for improving public
access to statutory and regulatory
rule sets

Legal question-answering systems
Legal document analysis
Legal semantic analysis
Legal information extraction
Abstraction and summarization
Legal document-structure analysis
