

# CALL FOR PAPERS

**ICMAMH 2020**  
**Apr 24-25, 2020**  
**Istanbul, Turkey**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMAMH 2020 : International Conference on Microwave Assisted Metallurgy and Hydrometallurgy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Microwave Assisted Metallurgy and Hydrometallurgy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Microwave assisted metallurgy  
Metallurgy and microwaves  
Use of microwave energy in metallurgy  
Microwave heating  
Minerals processing  
Microwave energy for mineral treatment processes  
Applications of microwave assisted metallurgy  
Microwave application in the reduction of metal oxides

Permittivity and permeability  
Pyrometallurgy  
Hydrometallurgy  
Materials pretreatment  
Microwave reduction/leaching  
Waste remediation  
Interaction of electric field with materials  
Energy conversion
