

# CALL FOR PAPERS

**ICOC 2020**  
**Apr 24-25, 2020**  
**Istanbul, Turkey**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICOC 2020 : International Conference on Organophosphorus Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Organophosphorus Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Organophosphorus chemistry  
Phosphine chalcogenides  
Phosphines  
Phosphinic acids  
Phosphonic acids  
Phosphine boranes  
Phosphine complexes  
P-heterocycles  
Macrocycles

Dendrimers  
Catalysts  
Homogeneous catalysis  
Ionic liquids  
Microwave  
Monitoration  
Theoretical calculations  
Biologically active substrates
