

CALL FOR PAPERS

ICRFM 2020
Apr 24-25, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRFM 2020 : International Conference on Rheology of Food Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Rheology of Food Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food rheology
Rheological investigation in complex food systems
Rheology and human perception of food material
Rheometrical approaches
Food rheology and food texture
Texture profile analysis
Rheology of food dispersions

Food polymers and gels
Foams and dough rheology
Processing and food rheology
Experimental considerations
Extensional rheology in food processing
Food rheology and its applications
