

CALL FOR PAPERS

ICRNRL 2020
Apr 24-25, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRNRL 2020 : International Conference on Renewable Nanomaterials and Renewable Lipids is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Renewable Nanomaterials and Renewable Lipids. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sustainable nanotechnology
Polysaccharide nanomaterials
Protein nanomaterials
Renewable lipids
Pollen grains
Nanocellulose
Drug delivery

Energy and environment
Sensors and flexible electronics
Personal care
Barrier films and membranes
Rheology modifiers
Binders
