

CALL FOR PAPERS

ICSII 2020
Apr 24-25, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSII 2020 : International Conference on Semantic Interoperability and Integration is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Semantic Interoperability and Integration. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Service Portfolio Management
Semantic interoperability
Semantic technologies
e-Government
Metadata management
Linked open data
Enterprise Information Management
Mapping and Translation

Industrial Experiences
Standards and Benchmarks
Social Aspects
Use Cases and Requirements
Mapping Typology and Tools
Mapping Notations and Languages
Theoretical Foundations
Infrastructure and Architectures
