

# CALL FOR PAPERS

**ICAET 2020**  
**Apr 27-28, 2020**  
**Jerusalem, Israel**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAET 2020 : International Conference on Advanced Enzyme Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Enzyme Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Enzyme and microbial technology  
New approaches to enzyme and microbial technology  
Microbial engineering for production of chemicals and pharmaceuticals  
Recent advances in biochemical techniques  
Microbial physiology, metabolism and gene expression

Biocatalysts, synthetic biology and biotechnology  
Biotechnological production of new bioactive molecules, biomaterials, biopharmaceuticals, and biofuels  
New imaging techniques and biosensors  
New biotechnological approaches in genomics, proteomics and metabolomics  
Metabolic Engineering, biomolecular engineering and Nanobiotechnology
