

CALL FOR PAPERS

ICCHRM 2020
Apr 16-17, 2020
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCHRM 2020 : International Conference on Coastal Hazard and Risk Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Coastal Hazard and Risk Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Coastal hazard risk management and adaptation planning
Coastal adaptation planning
Coastal processes and impacts
Coastal modeling
Vulnerability and risk
Shoreline erosion management

Coastal hazard adaptation
Policies and planning
Stakeholder engagement
Shoreline erosion management plans
Coastal hazard adaptation strategies
