

# CALL FOR PAPERS

**ICVG 2020**  
**Apr 16-17, 2020**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVG 2020 : International Conference on Volcanology and Geophysics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Volcanology and Geophysics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Seismic and volcanic hazards  
Magmatic petrology  
Volcanic degassing  
Volcanic hazard evaluation and mitigation  
Environmental impacts of volcanic eruptions

Monitoring active volcanism from satellites  
Volcanism in glacial environments  
Evolution of volcanic landforms  
Volcano hazard and risk research  
Environmental effects of geological hazards
