

CALL FOR PAPERS

ICIMSE 2020
Apr 23-24, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIMSE 2020 : International Conference on Industrial and Manufacturing Systems Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Industrial and Manufacturing Systems Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial and Systems Engineering
Research
Production Systems and Logistics
Manufacturing Systems Engineering
Advanced Manufacturing
Health Systems Engineering
Human-System Engineering
Production Systems
Systems Analysis and Optimization
Systems Engineering
Ergonomics and Innovation
Product Design and Development
Industrial Management
Data Engineering

Quality Systems
Operations Research
Maintenance and Reliability
Decision Analysis and Methods
E-Business and E-Commerce
Engineering Economy and Cost
Analysis
Engineering Education and Training
Global Manufacturing and
Management
Healthcare Systems and Management
Human Factors
Information Processing and
Engineering
Intelligent Systems
Manufacturing Systems
