

# CALL FOR PAPERS

**ICFGMNAI 2020**  
**Apr 23-24, 2020**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFGMNAI 2020 : International Conference on Fifth-Generation Mobile Networks and Artificial Intelligence is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fifth-Generation Mobile Networks and Artificial Intelligence. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Artificial Intelligence in 5G  
Technology  
Applications of Artificial  
Intelligence in 5G  
Machine Learning and 5G

Big Data Applications for 5G  
Precision Network Planning with  
Artificial Intelligence  
Smart Massive MIMO
