

CALL FOR PAPERS

ICFGMT 2020
Apr 23-24, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFGMT 2020 : International Conference on Fifth-Generation of Mobile Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fifth-Generation of Mobile Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

5G network and applications
5G for Future Wireless Network and Applications
Big Data in 5G Networks
IoT in 5G Networks

Security in 5G Networks
Mmwave and Massive MIMO Techniques in 5G Networks
Artificial Intelligence in 5G: AI for wireless/ Mobile Communications, AI for Networking and IoT, AI for Multimedia
