

CALL FOR PAPERS

ICLIP 2020
Apr 23-24, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLIP 2020 : International Conference on Leukemia Immunology and Pathology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Leukemia Immunology and Pathology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Pathology and immunology of leukemia
Immunotherapy for leukemia
Leukemia, immunology, and blood cell development
Mechanisms of immune tolerance in leukemia and lymphoma
Active and passive immune therapies for cancer
Adoptive transfer of autologous or allogeneic hematopoietic cells

Targeted delivery of toxic payloads
Immune tolerance
Hematologic malignancies including leukemia and lymphoma
Hematopoiesis
Molecular, structural, biochemical and biophysical aspects of the immune system
