

# CALL FOR PAPERS

**ICMSNT 2020**  
**Apr 23-24, 2020**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMSNT 2020 : International Conference on Mathematical Sciences and Number Theory is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mathematical Sciences and Number Theory. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computational and Applied  
Mathematics  
General Mathematical Research and  
Multidisciplinary Events  
Discrete Mathematics  
Finite Mathematics  
Fractals and Geometry  
History of Mathematics  
Number Theory  
Numerical Analysis

Topology  
Commutative Algebra and Algebraic  
Geometry  
Cross-disciplinary areas of  
Mathematics  
Other Areas of Mathematics  
Calculus, Differential Equations  
and Integration  
Differential and Functional  
Equations  
Geometrical Methods in Control  
Theory and Mathematical Physics
