

CALL FOR PAPERS

ICVCBNV 2020
Apr 23-24, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVCBNV 2020 : International Conference on Vegetable Crops Breeding and Neglected Vegetables is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Vegetable Crops Breeding and Neglected Vegetables. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Genetic resources
Neglected vegetables
Domestication
Pre-breeding
Yield improvement
Abiotic stress tolerance
Disease resistance
Breeding for water and fertilizer
use efficiency
Breeding for low-input and organic
conditions

Breeding for nutritional quality
Breeding strategies
Hybridization
Phenomics
In vitro culture
Marker-assisted-selection
Genomics
Genetic engineering
