

# CALL FOR PAPERS

**ICWSHE 2020**  
**Apr 23-24, 2020**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWSHE 2020 : International Conference on Water, Sanitation and Health Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Water, Sanitation and Health Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Water, Sanitation and Health  
Engineering  
Engineering for Public Health  
Wastewater and Fecal Sludge  
Management  
Water Resource Management

Water Supply Engineering and  
Management  
Solid Waste Management  
Engineering in Emergencies  
International Health
