

CALL FOR PAPERS

ICAOECSGBES 2020
Apr 09-10, 2020
Venice, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAOECSGBES 2020 : International Conference on Application of Power Electronics Converters in Smart Grids and Bulk Energy Storage is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Application of Power Electronics Converters in Smart Grids and Bulk Energy Storage. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electric and hybrid vehicles
High-voltage DC (HVDC) systems
Flexible AC transmission system (FACTS) devices
Grid planning with large-scale renewable energy resources
Bulk energy storage

Uninterruptible power system (UPS)
Modeling of large-scale PV and wind farms
Islanded and grid-connected microgrids
Fuel cell-based energy systems
