

CALL FOR PAPERS

ICISSM 2020
Apr 09-10, 2020
Venice, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICISSM 2020 : International Conference on Information Systems Security Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Information Systems Security Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Algorithms	Computer Graphics and Multimedia
Artificial Intelligence	Computer Modeling
Automated Software Engineering	Computer Networks and Data
Bioinformatics and Scientific	Communication
Computing	Computer Security
Biomedical Engineering	Computer Simulation
Compilers and Interpreters	Computer Vision
Computational Intelligence	Computer-aided Design/Manufacturing
Computer Animation	Computing Ethics
Computer Architecture & VLSI	Computing Practices & Applications
Computer Architecture and Embedded	Control Systems
Systems	Data Communications
Computer Based Education	Data Compression
Computer Games	Data Encryption
Computer Graphics & Virtual Reality
