

CALL FOR PAPERS

ICAH CIT 2020
May 22-23, 2020
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAH CIT 2020 : International Conference on Advances in Human Computer Interaction Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Human Computer Interaction Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architecture of Interactive Systems	Context-aware systems
Design of Interactive Systems	Contextual Evaluation
Development of Interactive Systems	Cultural Aspects in the Design
Innovative applications	Evaluation of Interactive Systems
Accessibility	Evaluation tools
Accessibility Evaluation	Human Factors
Adaptability	Intelligent Interfaces
Adaptive Interfaces	Interaction Devices
Ambient Intelligence	Interactive and Multi-Modal Systems
Brain-Computer Interface	Interactive TV
Business Experiences	Interface Design Tools
Collaborative Learning and HCI	Model-Based Interface Development
Collaborative systems in HCI	Multimedia
