

CALL FOR PAPERS

ICCSLC 2020
May 22-23, 2020
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSLC 2020 : International Conference on Cognitive Science, Language and Consciousness is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cognitive Science, Language and Consciousness. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cognitive science
Principles of cognitive science
Levels of analysis
Interdisciplinary nature
Artificial intelligence
Attention
Knowledge and processing of language
Learning and development
Memory
Perception and action
Consciousness
Research methods of cognitive science
Behavioral experiments

Brain imaging
Computational modeling
Neurobiological methods
Animal cognition
Artificial intelligence and robotics
Brain, learning and development
Cognition and counseling
Cognition and culture
Cognition and learning
Cognition and Visualization
Cognitive anthropology
Cognitive computer modeling
Cognitive development
