

CALL FOR PAPERS

ICMCB 2020
May 22-23, 2020
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMCB 2020 : International Conference on Molecular Chemistry and Biochemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Molecular Chemistry and Biochemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Chemistry and Biochemistry
Chemical Biology
Drug Discovery and Design
Green Chemistry and Asymmetric
Synthesis

Materials Electrochemistry
Nano Materials
Organometallics and Coordination
Chemistry
