

CALL FOR PAPERS

ICBP 2020
May 21-22, 2020
Berlin, Germany

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBP 2020 : International Conference on Biological Physics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biological Physics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biological Physics
Nanophysics and Biophysics
Bioengineering and Biotechnology
Principles of Protein Dynamics and Functions
Protein Folding, Misfolding, Aggregation and Diseases
Fundamentals of Evolution Dynamics
Systems Biology and Networks
Biomembranes and Cell Mechanics

Novel Biophysical Technologies and Instrumentation
Single Molecule Biophysics
Genome Structure and Non-coding RNA
Soft Matter and Biomaterials
The Physics of Cancer
Neural Biology and Networks
The Physics of Living Cells
