

# CALL FOR PAPERS

**ICHPS 2020**  
**May 21-22, 2020**  
**Berlin, Germany**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHPS 2020 : International Conference on Hydrogen Production and Storage is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Hydrogen Production and Storage. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- Safety in H2 infrastructure
- Production
- Distribution and transport (pipelines, gaseous and liquid)
- Storage
- Handling and Use
- H2 fueling stations deployment experience
- Safe design
- Indoor / outdoor fueling
- Permitting
- Public acceptance
- Mitigation practices

- Co-location with other fueling options
- Mixed / blended H2 fueling stations and vehicles
- HCNG
- Safety in H2 vehicle /station interface
- Safety in H2 vehicles
- On-board storage
- Vehicle operation in tunnels and garages
- Public acceptance
- Material handling and operations in warehouses
