

# CALL FOR PAPERS

**ICSED 2020**  
**May 21-22, 2020**  
**Berlin, Germany**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSED 2020 : International Conference on Software Engineering and Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Software Engineering and Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Software Engineering  
Software Design Pattern  
System Analysis and Design  
E-business, e-commerce, and  
e-government  
Service Computing  
Cloud Computing and Virtualization  
Service Oriented Architecture  
(SOA)  
Web Services  
Semantics Web  
Computer Vision and Image  
Visualization Information  
Computer Graphics  
Image Processing

Speech Recognition  
Language Processing  
Human Computer Interaction  
Augmented Reality  
Ubiquitous Computing  
Sensor Networks  
Spatial Information System  
Geographical Information System  
Health Information System and  
Technology  
Medical Image Analysis  
Computational Biology and Bio  
Informatics  
Accounting Information Systems  
Database Management System
