

CALL FOR PAPERS

ICSESPST 2020
May 21-22, 2020
Berlin, Germany

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSESPST 2020 : International Conference on Systems Education for a Sustainable Planet and Systems Thinking is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Systems Education for a Sustainable Planet and Systems Thinking. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Systems education
Systems thinking
Systems theory
Systems sciences
Complexity sciences

Cybernetics
Sociotechnical systems theory
System dynamics
Systems engineering
Sustainability
