

CALL FOR PAPERS

ICCSLPPR 2020
May 21-22, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSLPPR 2020 : International Conference on Cognitive Science, Language Processing and Pattern Recognition is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cognitive Science, Language Processing and Pattern Recognition. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cognitive science
Machine learning
Pattern recognition
Expert systems
Natural language processing
Artificial intelligence
Pattern recognition and image processing
Algorithms
Classification algorithms
Clustering algorithms
Ensemble learning algorithms
General algorithms
Multilinear subspace learning algorithms

Real-valued sequence labeling algorithms
Regression algorithms
Sequence labeling algorithms
Scientific study of the mind and its processes
The nature, the tasks, and the functions of cognition
Levels of analysis
Interdisciplinary nature
Artificial intelligence
Attention
Knowledge and processing of language
Learning and development
Memory
Perception and action
