

CALL FOR PAPERS

ICHLST 2020
May 21-22, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHLST 2020 : International Conference on Historical Language Studies and Theories is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Historical Language Studies and Theories. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Evolutionary linguistics	Early homo
Evolutionary psychology of language	Archaic homo sapiens
Evolutionary history of language	Homo heidelbergensis
Language evolution theories	Homo neanderthalensis
Adaptation	Homo sapiens
