

# CALL FOR PAPERS

**ICNPS 2020**  
**May 21-22, 2020**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNPS 2020 : International Conference on Nuclear Physics and Superfluidity is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nuclear Physics and Superfluidity. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Atomic Physics  
Nuclear Physics  
Nuclear Medicine Physics  
Atomic and Nuclear Astrophysics  
Nuclear Technologies  
Quantum Physics and High Energy Physics  
Superconductivity and Superfluidity  
Theoretical and Experimental Study of Soft Matter  
Bio-Physics and New Dimension in Technology  
Atomic Collisions  
Nanotechnology  
Atomic Spectroscopy  
Classical and Modern Physics

Condensed Matter Physics  
Interaction with atoms  
Cold Atoms and Molecules  
Laser-Atomic Physics  
Nuclear Reactor Physics  
Nuclear Fission and Fusion  
Nuclear Radioactive Decay  
Astro-Particle Physics and Cosmology  
Material Physics  
High Energy Nuclear Physics  
Atomic, Molecular and Optical Physics  
Quantum Science and Technology
