

# CALL FOR PAPERS

**ICHPCMP 2020**  
**May 14-15, 2020**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHPCMP 2020 : International Conference on High Performance Coatings for Metals and Plastics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of High Performance Coatings for Metals and Plastics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

High performance organic and  
metallic coatings  
Tribology of coatings  
Nanostructured coatings  
Nanocomposites for coatings  
Coating technology and engineering

Techniques and procedures for  
coating characterisation and  
analysis  
Hybrid coatings  
New industrial applications for  
coatings  
Modelling of coating processes and  
prediction on frozen stresses  
Adhesion between core material and  
coating
