

CALL FOR PAPERS

ICFLC 2020
May 04-05, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFLC 2020 : International Conference on Fiber Lasers and Components is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fiber Lasers and Components. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fiber lasers
Physics of fiber laser
Materials and components
New glasses and fibers
New emission wavelengths
Tunable and multiwavelength lasers
Pulsed lasers
Ultrafast lasers
Power lasers

Supercontinuum generation
Technologies for cost reduction
Lasers for industry
Lasers for telecommunications
Lasers for medicine
Lasers for detection and ranging
Lasers for defense
Lasers for extreme physics
