

CALL FOR PAPERS

ICON 2020
May 04-05, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICON 2020 : International Conference on Optical Nanoantennas is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Optical Nanoantennas. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Optical nanoantennas
Plasmonic nanoantenna
Dielectric nanoantenna
Novel all-dielectric and hybrid
nanoantennas
Nanoantenna assisted PL emission
enhancement
Purcell effect

Strong coupling of excitons with a
single nanoantenna
Nanoantenna enhanced optical
nonlinearity
Strong coupling
Excitonic resonances
High harmonic generation
2D transition metal dichalcogenides
