

# CALL FOR PAPERS

**ICDA 2020**  
**May 18-19, 2020**  
**Sydney, Australia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDA 2020 : International Conference on Digital Agriculture is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Digital Agriculture. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Digital agriculture as part of the digital economy  
The use of intelligent systems in the field of crop and livestock

Economic mechanisms for the management of digitalization of agriculture  
The system of continuous training of industry professionals with the competencies of the digital economy
