

CALL FOR PAPERS

ICCM 2020
Jun 11-12, 2020
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCM 2020 : International Conference on Cellular Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cellular Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cellular materials
Mechanical behaviour of cellular materials
Impact and energy dissipation with cellular materials
Structural applications
Crashworthiness applications

Metallic, polymeric or natural cellular materials
Numerical modelling and simulation approaches
Material characterisation
Experimental testing and characterisation
Novel cellular materials
