

# CALL FOR PAPERS

**ICPTDP 2020**  
**Jun 11-12, 2020**  
**Barcelona, Spain**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPTDP 2020 : International Conference on 3D Printing Technologies and Digital Printing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of 3D Printing Technologies and Digital Printing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advances in 3D printing and  
additive manufacturing technology  
Additive manufacturing and 3D  
printing design considerations  
3D printing materials  
Metal 3D printing  
Benefits of 3D printing and  
technology  
3D printing technology impact on  
manufacturing industry  
3D printing future technology

3D image processing and  
visualization  
Polymers in 3D printing  
Nano 3D printing  
3D printing industries  
Challenges in 3D printing  
3D printing of supply chain  
management
