

# CALL FOR PAPERS

**ICDSBE 2020**  
**Jun 11-12, 2020**  
**Copenhagen, Denmark**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDSBE 2020 : International Conference on Down Syndrome and Biomedical Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Down Syndrome and Biomedical Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Down Syndrome at the Cellular  
Level  
Gene Regulation in Down Syndrome  
Genetics and Epidemiology of Down  
Syndrome

Dysregulation of Cellular Pathways  
in Down Syndrome  
Cognition and Alzheimer's Disease  
in Down Syndrome  
Therapy - Present and Future
