

CALL FOR PAPERS

ICELAS 2020
Jun 11-12, 2020
Copenhagen, Denmark

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICELAS 2020 : International Conference on eLogistics Applications and Strategies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of eLogistics Applications and Strategies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- eLogistics
- Web-based logistics
- Distribution and supply chain management
- eLogistics control
- Customer controlled e-logistics
- E-supply chain management
- Applications and technologies
- Electronic platforms

- Electronic catalogue
- Data warehouses
- Information service
- Information integrated systems
- Operational logistics
- Design and management of logistics systems
- Strategies and challenges
- Impact on suppliers and distributors
