

# CALL FOR PAPERS

**ICFEFC 2020**  
**Jun 11-12, 2020**  
**Copenhagen, Denmark**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFEFC 2020 : International Conference on Forest Ecology and Forest Conservation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Forest Ecology and Forest Conservation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Forest ecology  
Natural ecosystems  
Ecological dynamics  
Forest dynamics  
Carbon sequestration  
Forest biodiversity  
Planning and management tools for biodiversity  
Plant functional traits

Forest and light  
Forest succession and dynamics  
Forest conservation  
Nature conservation  
Landscape management  
Silviculture of the temperate zones  
Tropical silviculture and forest ecology
