**Jun 11-12, 2020**  
**Copenhagen, Denmark**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHFMHMIC 2020 : International Conference on Human-Friendly Mechatronics, Human-Machine Interface and Communication is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Human-Friendly Mechatronics, Human-Machine Interface and Communication. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Human friendly mechatronics  
Human adaptive mechatronics  
Human interface and communication  
Human-machine interface design  
Human-system modelling  
Human-friendly mechatronics systems  
Human support technology

Actuator and control  
Vision and sensing  
Robotics and design  
Bio-robotics  
Human-friendly robots  
Human safety mechanisms of human-friendly robots
